Subject: information request

Good morning. As we discussed on the phone, I am making a public information request for the number of persons on the waiting list for public housing.

1. I also would like to know how many on the list are from Galveston and how many were public housing residents before Hurricane Ike.

2 Is there a limit to the number allowed on the list?

3 How often do you receive requests from people wanting to be added to the list?

4 Are any requests to be put on the list denied? What are the primary reasons for denial?

5 Do you have a demographic breakdown of those on the list? If so, I would like to have that information in Excel format on a CD.

Thanks for your help.
