

ORR – Salary Information

GHA has received an Open Records Request from Mr. David Stanowski for salary information on four GHA staff members as of March 1, 2012 and August 28, 2012.

For some background information, June 30 is the end of GHA's fiscal year. Shortly before the beginning of each fiscal year, employee salaries are reviewed, and any supervisor-recommended increases become effective July 1.

This year, all but eight out of 57 full-time GHA staff members received a salary increase at this time, and three of those eight had previously received increases. These are potential reasons why an individual would not receive an increase:

1. Pending specific job requirements, i.e. certifications;
2. Tenure in position inadequate to evaluate performance;
3. Poor job performance.

This ORR has been closed.

****Please note: Specific salary information will be included with a new comprehensive ORR response to GOGP's subsequent ORR requesting the salaries of all GHA staff members.****
