**Subject:** TPIA Records Request: DHAP Coverage Area and List of addresses where benefits paid

Mona:

I appreciate GHA's informative video on making an ORR to GHA.

Please consider this a request for information under the Texas Government Code Chapter 552. This TPIA/ORR seeks the following information:

1. The areas (city, county, or smallest units of government possible) that the GHA serves as the administrator of DHAP Vouchers generated by Hurricane Ike.
2. A listing of addresses where the vouchers are being used and the income levels of the voucher recipients. For the purposes of this request, I do not need, nor want, any personally identifiable information. For income information, please provide a raw dollar amount on the application, or if you prefer, use the HUD local income guidelines and place the recipient into the appropriate HUD ranges between 0-30% AMFI, 30 to 50% AMFI, 50 to 80% AMFI, or greater than 80% AMFI. The income level that is most easily reported by your organization is acceptable for purposes of this address.

If you feel that any of this information is exempt under the TPIA, I would request a communication so that we can discuss possible ways to make the information meet the TPIA standards prior to filing with the Attorney General.

Please feel free to contact me if you have any questions.

Thanks.

Kevin Hamby
