

Good morning. As we discussed on the phone, I am making a public information request for the number of persons on the waiting list for public housing.

1715 people on the waiting list.

I also would like to know how many on the list are from Galveston and how many were public housing residents before Hurricane Ike.

There are 1,005 people on the waiting list who have a Galveston address.

Is there a limit to the number allowed on the list?

No limit

How often do you receive requests from people wanting to be added to the list?

Up to Daily

Are any requests to be put on the list denied? What are the primary reasons for denial?

Yes, criminal background, rental history, sex offender

Do you have a demographic breakdown of those on the list? If so, I would like to have that information in Excel format on a CD.

No documents exist responsive to this request.
